MEMORANDUM FOR: Chief, Regulations Control Staff

SUBJECT: N [REDACTED]

1. There are attached proposed Headquarters and [REDACTED] on Promotion. These Notices were prepared at the request of the Deputy Director (Administration), since he feels there is a possibility that the time-in-grade requirements in the regulation on promotions have been misinterpreted. He feels that some additional clarification is needed to stress the point that time in grade is but one factor, and that service in grade for the required period is not, of itself, a basis for promotion.

2. It is recommended that these Notices be coordinated to determine whether other components agree that there is a problem of interpretation warranting their issuance.

George E. Maloon
Deputy Assistant Director
for Personnel
